

**THE MISSION
of the
USS *Houston* CA-30 Survivors Association and Next Generations
Scholarship Program**

The USS *Houston* CA-30 was a gallant, heavy cruiser helping to defend the Allies in the South Pacific just after the Pearl Harbor attack of WW II. Overwhelming Japanese forces sank the USS *Houston* in the Sunda Strait, off Java, on March 1, 1942. A small percentage of the *Houston's* crew initially survived the ship's sinking that fateful night. These men went on to redefine the term "survivor" while attempting to live through three and one-half years as prisoners-of-war on the Burma-Thailand Railway and elsewhere. The notorious railway was made famous as depicted in the epic movie "Bridge on the River Kwai." One thousand sixty-eight men were aboard the *Houston* when she was sunk. Three hundred sixty-eight became POWs of the Japanese. Seventy-nine died from starvation, disease and brutality while in captivity. Approximately 275 men came home following the conclusion of WWII.

The original crew represented men from many different occupations, ethnic backgrounds and levels of education. The survivors went on to a variety of professional pursuits and successes. Many men of that generation did not have the opportunity to complete their high school education, as they were children of the Depression. Even fewer had the opportunity to obtain a college education. The survivors have decided to help further the education of the next generations of worthy young Americans through the USS *Houston* CA-30 Survivors Association and Next Generations Scholarship Program.

Let us always remember the USS *Houston* CA-30 and her valiant crew as other young people reach toward their educational goals assisted by this scholarship award based on the applicant's essay, grades and a review of extra-curricular activities.

USS HOUSTON CA-30 SCHOLARSHIP RESEARCH/PREPARATION TIPS

This is not intended as a total comprehensive list of what one can do to help prepare for submitting an application for the USS *Houston* CA-30 Scholarship Program, but rather a list of suggested resources:

1. Many books have been written which describe the story of the USS Houston CA-30 and survivors experience as POW's. Among the most highly recommended are;
Ship of Ghosts by James Hornfischer
Last Man Out by H. Robert Charles
The Ghost That Died at Sunda Strait by Walter G. Winslow

For an expanded list write to contact@usshouston.org

2. Review information available at the USS Houston CA-30 Survivors' Association & Next Generations www.usshouston.org.
3. Interview a family member of a USS Houston CA-30 survivor. In addition, many crew members have registered oral histories at institutions such as the University of North Texas, The National Museum of the Pacific, and the University of Southern Mississippi. These valuable oral histories are full of amazing accounts and allow our beloved men to still "talk to us."
4. Interview a knowledgeable Association member or an Association Board of Manager.
5. If able to visit the City of Houston, see the following:
 - USS *Houston* CA-30 Memorial in Sam Houston Park 1100 Bagby Street in Houston, Texas.
 - the permanent collection on display at the University of Houston Library
 - the Legacy Room on the 1st floor of Houston's City Hall to see the McCandliss 6-foot replica model and video of Survivor, Howard Brooks.

Note: If you quote a book or a person, be sure to identify and attribute it to the author and then show how that information relates to your topic and what it means to you. You may reach out to: contact@usshouston.org for additional questions or clarification.
